SAINT MARY'S SCHOOL

On May 14, 1951, ground was broken for the construction of a much needed school, with Rev. Raymond A. Kearney officiating. The school opened in September, 1952 and was staffed by the Sisters of Mercy of Brooklyn. September, 1986 brought us a new Principal, Sister Alice Traynor, an Ursuline Sister. Today Saint Mary's is still going strong. The school consists of students from Nursery through Eighth Grade.

Dear members of St. Mary's graduating class,

Your graduation from St. Mary's will take place on June 12, and I will look forward to sharing it with you.

I feel very happy that you have had the opportunity to be part of St. Mary's for your early education. I am sure you will have received more from this experience than you realize at this moment. The friends you've shared, the knowledge you've acquired, the faith you've been given, the learning about life -- all these, and more, are gifts from St. Mary's to you.

And you have offered us a lot, too. Each of you is a unique person, with your own gifts, talents, abilities, personality, and your presence among us has been a gift to us. We depend on you! Our future is linked to your future. Our hope is for you to carry on the traditions, the faith, the learning that has been such a vital part of our families and our church. We trust you will do it well.

My personal congratulations and best wishes go to each one of you. May your graduation day be spectacular for you, and the rest of your life successful and happy!

Sincerely yours,

Fr. Fagan

June, 1988

Dear Graduates:

Congratulations Graduates of June, 1988! In this Marian Year, may the foundation which has begun at St. Mary's be your guide. Always remember that although you are graduating from St. Mary's Elementary School, you are not leaving St. Mary's Parish. We are always here for you, and we do care about you. If you ever need us, don't hesitate.

Your parents have given you a precious gift. It is the gift of a Catholic education. It is a gift I cherish, and I hope you always will. Let us hope and pray that American Catholics will continue offering the gift of Catholic education.

Wishing you much happiness as you all move on to various Catholic High Schools. May you keep the tradition of St. Mary's alive.

Love & prayers,

1 Alice

We would like to dedicate our Yearbook to Mr. Lawlor for many reasons. In a loving and caring way, he has helped each of us through tough times. We have been guided through seventh and eighth grades, through social studies, math and religion. Each of us is pushed to do the best we can and not just to be satisfied in doing all right. He has prepared the eighth grade to continue trying their best in high school.

Mr. Lawlor has helped us in other ways. This is a man who always seems to have the time to talk to you and help you with your problems. By helping us with the mental aspect of grammar school, he has prepared us for the challenging aspect of high school. Mr. Lawlor has been there for us so much in the past years that it is sad to realize that we will soon be leaving him.

KATHLEEN LALLY

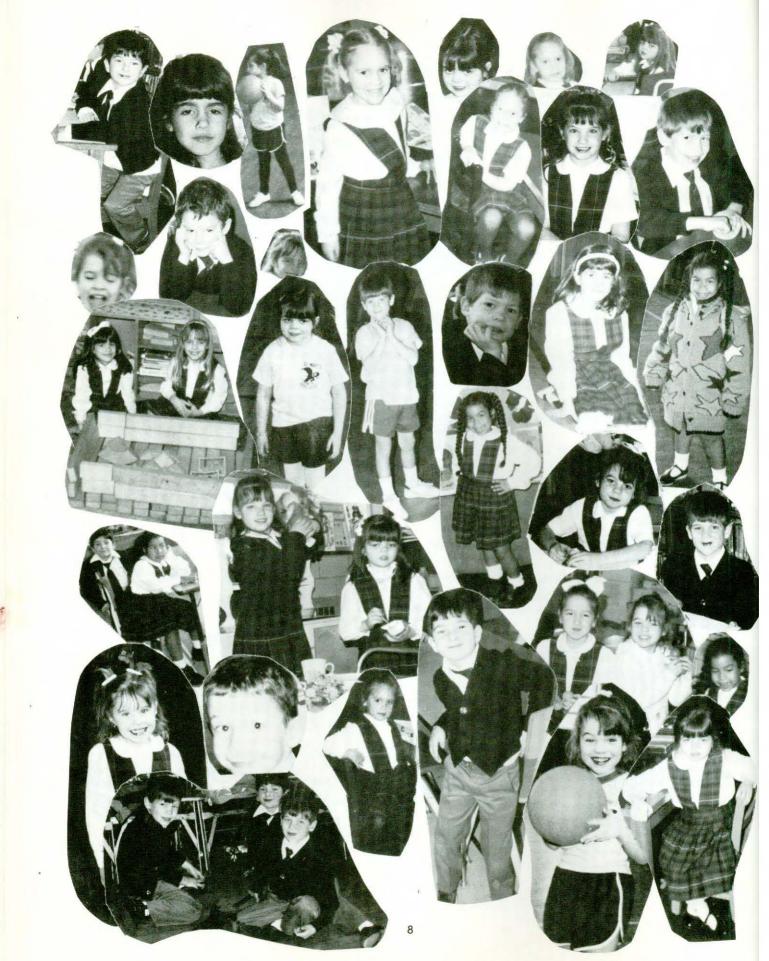

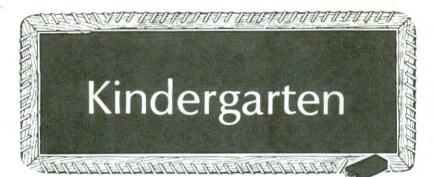

At one time or another, when each of us entered St. Mary's, we were both frightened and excited. During those first days, all the people and the surroundings were so unfamiliar to us. Now we have come to know and love our school. The once nameless faces have come to be our best friends. Together we've experienced good times as well as bad. We've shared our happiness and our sorrow, and in the process, learned things books could never teach us. Now we have reached the point where we must go our separate ways, but we shall always treasure the fond memories of our deep and lasting friendships. Our days at St. Mary's are no more. May God's blessings, love and good luck follow us wherever we go and whatever we do.

KATHLEEN DILLON
